Marienbourg, October 26. N. S.

THE Nobility of the Palatinates of *Culm*, *Marienbourg* and *Pomerellen*, met at *Stutgart* the 23d Inſtant, to conſult what Meaſures to take for the Preſervation of their Country, which lies wholly expoſed to the *Swediſh* Forces; and after ſome Debate they reſolved to enter into the Confederacy or Aſſociation lately made by thoſe of the *Greater Poland*, which they accordingly ſigned, and ſwore not to depart from it. Then they choſe 4 Deputies, *viz.* the Sieur *Krapski*, Caſtellan of *Elbing*, the Sieur *Kinſiszcki*, Sword-bearer of *Pruſſia*, the Sieur *Kerewski*, Chief Enſign of *Marienbourg*, and the Sieur *Potoluki*, Chief Enſign of *Pomerellen*, to attend the King of *Sweden*, with Aſſurances of their Devotion to his Service, with Directions to intercede in behalf of their own Country, and the Town of *Thoorn*; after which they are to go to the Confederated Nobility of the *Greater Poland*, for the maintaining a good Correſpondence between them and theſe of *Pruſſia*; and theſe Deputies are preparing for their Journey to the *Swediſh* Camp.

Warſaw, Nov. 3. The King of *Poland* has altered his Reſolution of holding an Aſſembly of the Senate the 16th Inſtant at *Zamosk*, but has ſummoned them to meet at the ſame time at *Jaworow*, and is already on his Journey thither; and accordingly the Senators and ſeveral other Perſons of Quality that are in Town, as alſo thoſe who are at *Ocſolk*, where his Majeſty has lately kept his Reſidence, are preparing to follow him. It is ſaid his Majeſty intends, after this Aſſembly is ended, to ſend Ambaſſadors to the King of *Denmark* and the Czar of *Muſcovy*, to deſire their Aſſiſtance againſt the *Swedes*, and to remove with his Court to *Cracow*. The Forces of the Crown are going into Winter Quarters; thoſe of *Lithuania* continue in that Dutchy. The King of *Sweden* is ſtill at *Thoorn*, and, we hear, has obliged the Inhabitants to ſwear Allegiance to him: His Forces are as yet encamped near that Place, but, upon a Report that a ſtrong Detachment of them is to return this way, Orders have been given to break down the Bridge near this City over the River *Weiſſel*, and to make all the neceſſary Preparations for our Defence, in caſe their Deſign ſhould be to attack us. The Palatine of *Poſen*, and the Marſhal choſen by the Confederated Nobility of the *Greater Poland*, to preſide in their Aſſemblies, have lately diſpatched an Expreſs to the Cardinal Primate at *Lowitz*, whereby they acquaint him, that they had ſent Deputies to the King of *Sweden*, in order to ſome Accommodation, and for preventing any further Hoſtilities; that theſe Deputies had obtained an Audience of his Majeſty on the 16th of the laſt Month, who received their Propoſals ſo well, that he deſired them to depute ſome of the Chief among them for this Negociation, and he would appoint Commiſſioners to treat with them. The Cardinal Primate, upon receipt of this Advice, immediately ſent away a Courier to the King of *Poland* to acquaint him therewith; But is is ſaid, His Majeſty has deſired the Cardinal to uſe his Intereſt to break off any ſuch Treaty.

Copenhagen, Nov. 10. The King of *Denmark* has lately iſſued a Commiſſion to ſeveral Sea Officers, whereof Admiral *Gedde* is the Chief, to go into *Norway*, in order to liſt 8000 Seamen, who are to be always in a readineſs, whenever the Publick Occaſions ſhall require their Service; which number, according to computation, will be able at any time to mann two thirds of his Fleet. The Queen Mother returned hither the 7th Inſtant from *Nycoping*. The Baron of *Lillienroot*, who has lain ill for ſome time at *Landskroon*, is pretty well recovered, and has left that Place, in order to continue his Journey to *Stockholme*, where, it is ſaid, he is to have a great ſhare in the Management of Publick Affairs.

Francfort, Nov. 11. The Count *de Naſſau Weilbourg* is encamped with a Body of Forces at *Muhlberg*, and the Count *de Vehlen* is with more Troops at *Frankendal*, from whence he has ſent ſeveral Parties of Huſſars to make Excurſions againſt the *French*, who have brought home ſeveral Priſoners, and many Horſes. Theſe two Bodies are to join with the Forces commanded by the Prince of *Heſſe*, which are expected in a day or two at *Spire*, in order to attempt the Relief of *Landau*. This City has furniſhed 8 Pieces of Cannon, and a conſiderable quantity of Ammunition, towards that Service, and 200 Men marched out of our Garriſon yeſterday, with Orders to join the Prince of *Heſſe*'s Troops. The Count *de Mercy* is come hither from Prince *Lewis*'s Army, intending to ſerve as a Voluntier in that Expedition.

Whitehaven, Nov. 12. The *Love*, belonging to this Place, which came from *Virginia* with the late Fleet, and was given over for loſt, arrived here yeſterday from *Lamb-Laſh* in *Scotland*, having put in there after ſhe had been ſeparated from the ſaid Fleet.

Falmouth, Nov. 13. The *Mansbridge* Pacquet-Boat arrived here the 9th Inſtant from *Lisbon*. The next day 4 *Dutch* Privateers, with as many Prizes, which they have lately taken and brought into this Port, and about 20 Sail of Coaſters under their Convoy, ſailed from hence to the Eaſtward. Yeſterday 3 Ships belonging to *Amſterdam*, and bound home from the Coaſt of *Barbary*, put into this Port.
